EXHIBITION SERVICES

From custom exhibition designs to simple shell scheme makeovers, we encourage our clients to make sustainable choices when they choose to exhibit and can provide a range of cardboard, textile and PVC free materials to achieve this goal without compromising on the final finish.

Our expert team of designers, project managers and installers will ensure you are ready to exhibit.

ECO-DISPLAY WALL

RECYCLABLE DISPLAYS

The Eco Display Wall is a scalable, portable and sustainable product which instantly transforms event spaces.

Using a specialized EB fluted cardboard which is made from 85% recycled content is 100% recyclable at the end of the product's life. In addition, we print using our state-of-the-art UV printer ensuring that there is minimal carbon expenditure throughout the production process.

This product can be a direct replacement to shell-scheme systems while providing exhibitors with a large blank canvas. It is re-usable, recyclable and re-configurable allowing for you to get the most out of your investment.

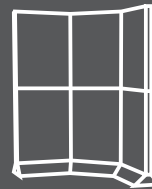

ECO-BANNERSTAND

RECYCLABLE DISPLAYS

Our Eco Bannerstands are the perfect sustainable replacement for your roller banner stands. Made from E Fluted cardboard, designed to be completely freestanding with a double sided print.

This product is also made from 85% recycled content and is 100% recyclable. It can be assembled in 2 minutes, portable using our carry cases and can also be configured to multiple designs!
